Fashion Wrap™

The premium affordable, washable, and beautiful privacy solution

The Fashion Wrap™ features the soft look of a sheer or lace with the convenience and practicality of a complete privacy vertical. The Fashion Wrap™ drapery system uses curved vertical blind wrapped with sheer or lace fabric. Snap tape is sewn to the top of the fabric and attached to PVC vertical vanes. Fabric is tacked together behind each vane at the bottom hemline for alignment and stability.

FEATURES

- Choose from large selection of fabrics and laces, or use your own fabrics (C.O.M.) at no additional cost
- Choose one-way draw or center close for no additional cost
- Trust in a lifetime guaranteed heavy-duty track system with industrial strength PVC carriers
- Unsnap fabric to wash and easily re-install
- Install quickly with fabric pre-attached to vanes and all hardware pre-assembled
- Darken your room thanks to closer custom spacing for optimum privacy and light control
- Master your massive windows with track widths up to 235"
- Eliminate light-gaps on inside mounts with an ingenious feature (call to ask)
- Select custom valance options that easily snap directly to the track (no additional holes in your wall)
- Pick from seven vane colors for no additional cost: Amber, Aspen, Beige, Harvest, Natural, Shell, Taupe

Length up to 96"	\$400	\$530	\$660	\$710	\$820	\$930	\$1036	\$1130	\$1230	\$1350	\$1450	\$1570	\$1690	\$1800	\$1990	\$2100	\$2260

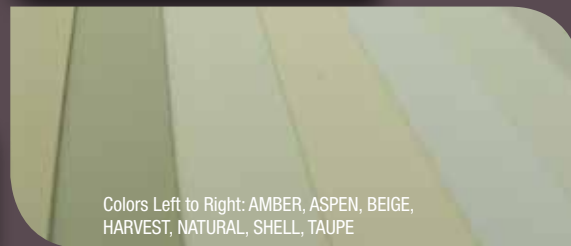

Prices include plain PVC vanes (Color Amber, Aspen, Beige, Harvest, Natural, Shell, Taupe), lifetime guaranteed track, sewing, snap-on tape, and all parts and manufacturing. Prices DO NOT include fabric. Calculate the cost of the fabric using the yardage required amount.

EXAMPLE

Finished Width 110" Length 86"
 114" Column from Chart: \$950
 Fabric: MYSTIQUE (\$44/y):
 Yards Required: 13y x \$44 = \$592
 MSRP: \$950 + \$592 = \$1522

Easily removed via snap tape for washing.

Colors Left to Right: AMBER, ASPEN, BEIGE, HARVEST, NATURAL, SHELL, TAUPE

Eliminate the 2" light gap on inside mounts. The ZERO Light Gap solution adds a "dummy pleat" on the side of inside mount Fashion Wraps so that the fabric goes from frame to frame.

To price, simply use the next highest "width up to" column.

Translucent Fashion Wrap™

The Translucent Designer Fashion Wrap adds semi-opaque vanes to the Fashion Wrap. These translucent vanes allow light to pass through, giving the fabric's textures and patterns a chance to shine in both open and closed positions. Translucent vanes also maintain privacy without the room darkening effect that solid PVC vanes provide.

Measure & Price

- For Outside Mount: add 10" to window frame width to determine Finished Width.
- For Inside Mount: deduct 3/8" on width and 3/4" on length for clearances.
- Below the appropriate "Width up to" number, add the "Length up to" base price to the *Yards of Fabric Required*.

118" Wide Fabrics

Above Prices Include the Following:

- High Quality Translucent PVC Vanes
- Heavy-Duty Track (Lifetime warranty)
- Sewing, steaming and ironing, fabric attachment, and final hanging inspection.
- Snap-on tape
- Many valances pre-installed to track
- No additional charge for C.O.M. fabrics

EXAMPLE

Width 114" Length 86"

Fabric: Mystique

13 yds Mystique at \$44/yd \$572

114" Width (from chart) + \$1170

SUGGESTED RETAIL PRICE \$1742

Above prices DO NOT include the cost of the fabric used to wrap the vanes. Be sure to calculate and add the cost of the fabric. See yardage required in the column under price.

The options are unlimited when it comes to adding a valance. All of our custom valances attach directly to the track for one-step installation. Fabric valances are attached using AWF bendable Fashion Rodding with hook tape on the outer surface. Our Crowning Pole™ design integrates with the track for a natural one-piece decorative rod.

- **No Light Gap Feature** – Fashion Wrap and Designer Fashion Wrap are both available with a no-light-gap feature for inside mounts upon request. Pricing is bumped up one width for this feature.
- **Lace Hems** – as finished by mill unless otherwise specified. Hems in all other fabrics – narrow bead-weighted hem unless otherwise specified.
- **Seamless Fabrics** – For 118" fabric on a center close with finished length of 58" or less, add half the fabric yardage shown on the chart. Lace patterns that are approximately 102" can also be cut in half if they do not have a scalloped bottom hem. If using a fabric that is 102" on a system that is a center close, the finished length must be 50" or less.
- **Delivery** – Fashion Wrap is a custom fabrication product. Please allow up to 4-6 weeks for delivery.
- **Available Width** – Fashion Wrap System is available up to width 235". Contact AWF customer service for pricing.

Athena Fold™

FEATURES

- Shipped with fabric fan folded for easy installation
- Fabric may be removed and washed or dry cleaned as a flat panel
- Includes heavy duty lifetime guaranteed track system
- Center close or one-way draw
- Large selection of fabrics or COM fabrics
- Lined or unlined
- Beaded bottom hem is standard; 4" bottom hem optional

VALANCES

The Athena Fold, Fashion Fold, and Tab Trend are available with any of our Crowning Pole™ finial combinations and colors. Mitered returns are also available for a simple, finished ends.

SEAMLESS FABRIC FOR LENGTHS OF 56" OR LESS

If using a 118" fabric on a center close, and the finished length is 56" or less, add half the fabric yardage shown on the chart. Lace patterns that are approximately 102" can also be cut in half providing they do not have a scalloped bottom hem. If using a fabric that is 102" on a center close the finished length must be 50" or less.

DELIVERY

The Athena Fold, Fashion Fold, and Tab Trend are custom fabrication products. Please allow up to 6 weeks for delivery.

Prices include headrail, hardware, and all sewing costs. Add the fabric price to above retail price in the table. Lustre Grande washable lining is included in the Lined pricing.

INCLUDES WASHABLE VANES

- High-quality, individually milled, fade resistant, *washable* fabric vanes
- Vane Weights: sealed in, zinc coated and rustproof

AND OUR LEGENDARY TRACK SYSTEM

- Custom sized stainless steel spacers
- Lifetime Guaranteed Track: heavy duty with step-down gear tilting
- Hardware: everything you need for your outside or inside mount
- Self-aligning Industrial Strength PVC Carriages

How to Measure For Verticals:

Outside Mount

1. Measure the window trim (outside to outside trim) on width and length
2. Add 3" to each side or 6" total for coverage and privacy
3. On floor-length verticals, measure top of frame to floor and add 1". On all others, add 3" to trim to trim length

Inside Mount

1. Measure the exact inside width and length dimensions
2. Deduct 1/2" on width and 3/4" on length to find your finished dimensions

Albert's window fashions

ALBERT'S WINDOW FASHIONS LLC warranties all VERTICAL VANES for a period of 2 years from date of purchase against significant change in appearance or stability under normal use and conditions. These warranties do not cover: normal fading of vanes; changes in vanes length due to excessive humidity; vane scorching due to excessive heat; defects which result from misuse or abuse or improper installation; any other incidental or consequential costs incurred other than those specifically stated herein; any claims other than by the original owner and purchaser of the product. Warranties do not cover transportation costs nor installation or any service charges. For CONTRACT or COMMERCIAL work, warranties will apply as agreed with each job quoted and are not necessarily the same as residential warranties.

RESIDENTIAL: ALBERT'S WINDOW FASHIONS LLC provides a LIFETIME warranty on all components in our FASHION VERTICALS TRACK SYSTEM against defects in material or workmanship. Any components deemed to have been rendered inoperable under normal use and conditions will be replaced without charge for parts or assembly labor.

Boardless Cornice™

The 6" AWF Boardless Cornice™ features evenly gathered fabric secured to our SturdyLight™ PVC valance board. The valance attaches directly to the track for one-step installation.

3.5" Truetrim™ Valance

Insert one of our fabrics or any of your materials. Then, pick from the trim colors on page 12 to ensure a one-of-a-kind valance solution for business or home.

Valances

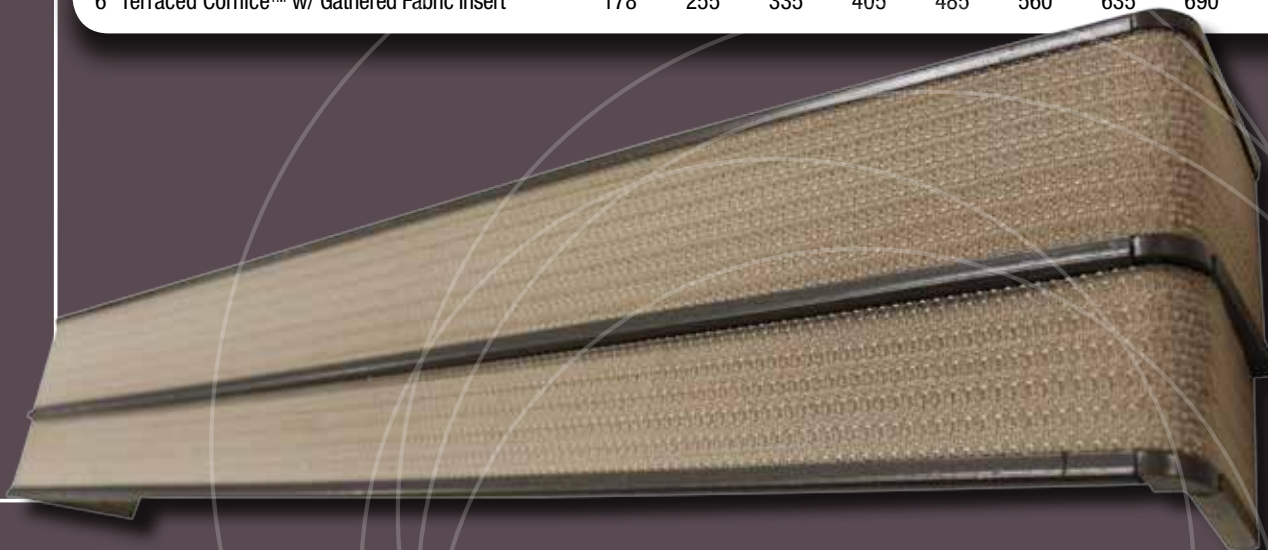

Terraced Cornice™

The 6" AWF Terraced Cornice™ features two cascading layers featuring your design of textures and colors. Each section can contain vertical fabric, gathered fabric, wallpaper, upholstery fabric, or any other material you choose. SturdyLight™ PVC valance board ensures a light weight valance that attaches directly to the track for near-instant installation. Choose trims from page 12 to complete this modern design.

Valances

Pricing for PENCIL PLEAT, PINCH PLEAT, BOX PLEAT, AND FLEMISH PLEAT VALANCES :

- 1) Add returns to face width for total finished width.
- 2) Calculate cost of fabric at recommended 2.5 X fullness.
- 3) Add to fabric and trim cost:

Price includes sewing, tape, #2150 Fashion Rodding, and brackets.

PENCIL PLEAT	Details		PRICE PER RETAIL FINISHED GATHERED INCH
Pencil Pleat 4" or 2" wide unlined <i>straight</i>	Self-lined fabric valance or scalloped-edge lace valance	\$3.00	
Pencil Pleat 4" or 2" wide unlined <i>shaped</i>	Scalloped edge lace shaped bottom hem valance	\$4.00	
Pencil Pleat 4" or 2" wide unlined with <i>trim</i>	Straight bottom hem valance requiring a hem or with trim on the bottom edge	\$3.25	
Pencil Pleat 4" or 2" wide <i>lined</i>	Shaped, straight, or trimmed hem valance with lining	\$4.50	
8" wide Pencil Pleat		\$3.75	
2" Pencil Pleat headrail rod covering		\$2.00	
PINCH PLEAT			
Pinch Pleat, Box Pleat, or Flemish Pleat Valance	Unlined scalloped edge lace or straight bottom hem self-lined valance	\$3.75	
Pinch Pleat or Flemish Pleat with <i>trim</i>	Unlined valance requiring a hem or trim on the bottom edge	\$4.50	
Pinch Pleated or Flemish Pleat <i>shaped</i>	Self-lined or finished with a trim	\$5.00	

All *Fashion Pleated Valances* are made with soft loop tape sewn across the top and attach to *Fashion Rodding* (included).

The standard fullness is 2.5X. Quotes at 2X or 3X fullness are available upon request.

Suitable fabrics are Knit Valance Laces, Sheer and Lace Cut-offs, Railroaded Cotton Prints and Solids.

When using a scalloped lace, we will attempt to pleat according to the pattern repeat.

STRAIGHT Valances: May be self-lined or hemmed. When using fabrics without a finished edge, self-lining or finishing the edge with a trim is recommended.

SHAPED HEM Valances: For a shaped hem without trim, the valance must be self-lined or lined with another fabric in order to finish the bottom edge by facing it with the lining. Laces with scalloped edges do not require a lining or trim for shaped hem valances.

Pencil Pleat 4" wide unlined *straight* (self-lined)

Pencil Pleat 2" wide unlined *straight* (self-lined)

Pencil Pleat 4" or 2" wide unlined with *trim*

Fashion Rodding™

Bendable Hook & Loop Valance Solution

ADVANTAGES over Valance Board and Rod Pocket Installations

- Instantly remove fabric for washing via hook & loop tape
- Quick re-install by owner
- Light weight aluminum
- No need to adjust gathering when installing
- No rod showing through rod pocket with sheer and lace fabrics
- Support brackets do not interfere (as for rod pockets)
- Rounded corners on returns
- Staples or tacks are not necessary

EASY to Install

- Wall mount – Install brackets and snap rodding into clips
- Ceiling mount – Slide clips onto rodding and install onto ceiling
- Brackets or ceiling clips can be installed every 24-30 inches

SIMPLIFIES Bay and Bow window Installations

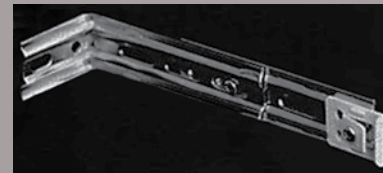

- Cut rodding to needed length (or order at exact dimensions)
- Bend returns or shape as needed (Rodding may be re-bent several times without breaking)

Fashion Rodding is a bendable, aluminum I-Beam with hook fastening tape incorporated on the face. It can be used for valances, stationary curtain panels, and stretch panels. Fashion Rodding is bendable by hand to form any size returns and to fit into bay and bow windows. Fashion Rodding is user friendly as it may be bent many times without breaking. It can be cut with a hacksaw or large tin snips. Fashion Rodding can be ceiling mounted, wall mounted, or attached to a our vertical track using extension plates for a one-step installation.

Any valance or curtain panel or Pencil Pleat drape with soft loop fastening tape can be attached to the face of the rodding. In addition to flat soft loop tape, Home-Tex Fashions offers a 3 1/2" OR 2" wide Pencil Pleat Tape with soft loop backing.

Custom Drapery

What are Seamless Draperies?

- 100" or wider fabric is railroaded (run sideways) to make seamless draperies. Wide fabrics can be split in half for shorter windows.
- Narrower fabrics (around 54-60") can be railroaded lengths of 50" with a beaded bottom hem, but to 42" if a 4" bottom hem is requested.

Laces

- Hems are left as finished by mill unless otherwise specified. Optionally, the scalloped edge may be cut off for use as a valance. Remaining lace is then finished with a bead weighted hem or double turned hem.

Side Hems

- All side hems are double 1 ¼".

Prices include fabric, sewing cost, hooks, washable Lustre Grande satin seamless lining (if lined), and standard beaded bottom hem. 4" bottom hems may not be available on narrow width fabrics.

Example:
Drapery Width: 120"
(rod face plus overlaps and returns).
Finished Length: 84"
Fabric: Radiance
Unlined, 3x Fullness
Retail Price:
120" x 5.25 = \$630

Why We Recommend the Beaded Bottom Hem over 4" Double Hem

1. No unraveling on beaded bottom hems
2. No 4" shadow lines
3. Better pleating as there is often stiff bottom bulk of excess fabric on 4" Hems
4. Requires less fabric
5. Clean contemporary look

Find the Yards of Fabric Required for Pleated Draperies

1: Measure Your Window

a) Measure the exact area you want covered and write down the *Width* and *Length*. Add a minimum of 6" to the frame-to-frame size of the window.

2: Add overlaps and return to your face width to calculate the *Finished Width*. Typically, you can simply add 12", which allows 5" for overlaps and 3.5" on each side for returns.

3: Multiply the *Finished Width* by your desired fullness (2X, 2.5X, or 3X).

For fabrics widths 101" to 118"

4: Divide by 36 to find the *Yards of Fabric Required*.

For fabrics widths 54" to 61"

4: Divide by the fabric width and round up to the next whole number to determine the *Number of Cuts* of fabric needed.

5: Determine the *Finished Length of Each Cut*

a) From step 1, add to your *Length* measurement 16" for unlined or 12" for lined fabric. This is the *Finished Length of Each Cut*. If your fabric has no repeats, proceed to step 6.

b) If your fabric has pattern repeats, divide the *Finished Length of Each Cut* by the repeat and round up to the next whole number. Multiply this number by the repeat. This is the number you will use in step 6.

6: Final Calculations

a) Multiply the *Number of Cuts* from step 4 by the *Finished Length of Each Cut* from step 5.

b) Divide by 36 to find the *Yards of Fabric Required*.

Please Have This Info Ready to Order:

- Name of Fabric and Color
- Finished Width or Rod Face Width and Return Size
- Finished Length
- Pinch Pleated, Pencil Pleated, or Rod Pocket
- Fullness: (2X, 2.5X, 3X)
- Center close, one-way draw, or stationary
- Pinch Pleat Orders: Pin Hook Setting
- Rod Pocket Orders: Rod Pocket and Heading Sizes
- Beaded Bottom Hem is standard. The 4" Double Bottom Hem is also available upon request.

About Albert's Window Fashions LLC

GENERAL INFORMATION

WASHABLE - All Albert's Window Fashions (AWF) laces, sheers, casements, satins, printed fabrics, fabric verticals and headings are washable. We recommend laundering by hand using a mild detergent and hanging damp on their tracks to dry. Do not use a dryer for any of our fabrics. All of our fabrics may be dry cleaned as well if so desired.

SAMPLES - All samples are generous cuttings of fabric on hangers. They are priced per sample to allow you the flexibility of choosing the patterns that you prefer to sell. Wall hangers and floor racks are also available.

DISPLAYS - Displays are very important to your success in selling AWF window

treatments. We offer both portable and wall displays of all our products at 20% discount from your regular price.

SALES - We offer you two 3-week sale periods per year. Notify us in advance with the dates of your choice. The sale discount is 10% on fabric and custom fabrication, and 5% on Fashion Verticals.

ORDERING INFORMATION - All fabrics are sold by the cut yard or bolt of approx. 30 to 50 yards. All laces are cut on the pattern repeat. You need to consider this when calculating yardage. You may specify the number of repeats when ordering. This is especially important on patterns with a large pattern repeat.

C.O.M. - AWF's workroom accepts C.O.M. orders. There is no additional charge on

"customer's own fabric" orders.

GUARANTEE - AWF guarantees all products and workmanship to be acceptable by industry standards.

RETURNS - All claims must be made within 5 days of receipt of goods. No claims are allowed after you have cut goods. Call for permission before returning any products for credit.

DELIVERY - Cut yardage orders are sent the following day. Please allow 4 to 6 weeks for completion on all custom fabrication orders. Vertical orders require 2 weeks for delivery.

RUSH ORDERS - Custom orders (shipped within 2 weeks) are available at a 10% additional cost. (Rush orders are not available on discounted sale orders.)

Albert's Window Fashions LLC is a custom window treatment products manufacturer and distributor.

We are proud to provide custom, quality, decorative, unique, and washable custom window fashions. AWF products are environmentally friendly as chemicals are not necessary to clean our fabrics.

The Suggested Retail Pricing provided on all of our Price Charts are guidelines for pricing only. AWF does not claim or suggest that these prices are representative of these or similar products in your market place. Wholesale price is less 50%.

Custom fabrication orders are F.O.B. Minneapolis. Custom orders cannot be cancelled once manufacturing has commenced, usually one week from receipt of order. Returns cannot be accepted and remain the customer's responsibility. Custom made products may not be returned if the finished product was fabricated to customer specifications.

TERMS & CONDITIONS

TERMS: Net 15 days on approved credit. An interest charge of 1½% per month (18% per year) will apply on all overdue accounts. Credit cards are accepted.

PRICES: Subject to change without notice.

FREIGHT: All fabric and custom fabrication orders including Fashion Wrap System, Tab Trend and Athena Fold, and Fashion Verticals are F.O.B. Minneapolis. Packages damaged in shipment should be refused. Please call our office and advise us of this. Packages received damaged must be claimed with the carrier.

MINIMUM: There is a minimum freight and handling fee of \$5.00.

RESTOCKING CHARGES: 25% on all fabric orders. Cut orders 3 yards and under are not returnable.

C.O.D.: C.O.D. shipments are subject to a freight carrier-handling fee of \$10.00.
CREDIT PAST DUE: When an account is past due, orders will not be shipped until the account is current. New orders from past due accounts will be shipped C.O.D. with account balance added.

NSF CHECKS: A \$25.00 charge will be assessed covering the cost of NSF service fees charged by the financial institution on the dishonored check.

COLLECTION: Past due accounts are turned over to a collection agency. Purchaser will be responsible for all collection fees.

CANCELLATION OF CUSTOM FABRICATED PRODUCTS:

Custom orders cannot be canceled once manufacturing has commenced, usually within one week, from receipt of order. Rush orders cannot be canceled. Returns cannot be accepted and remain the customer's responsibility. Custom made products may not be returned if the finished product was fabricated to customer specifications.

Definitions

Finished Length
the exact vertical measurement of a completed window treatment from the top of the heading to the bottom of the hem. If the rod is included, such as Fashion Verticals, Fashion Wrap, Fashion Fold, Athena Fold, or Tab Trend finished length is from the top of the track to the bottom of the hem.

Pencil Pleat
3½" wide heading tape with soft loop back, ready to attach to hook fastening tape or Fashion Rodding. The tape is sewn onto the fabric and gives a pencil pleat or smocked effect when the strings are pulled.

Fullness
the ratio of the cut width to the finished width. For instance 3X fullness means that the cut width is three times as wide as the finished width. Fullness ranges from 2X to 3X. We suggest using less fullness for heavier fabrics such as prints and satins and more fullness for lightweight fabrics. We recommended 3X fullness for sheers. Laces are recommended at 2.5X fullness.

Overlap
the extra width required for the two leading edges of a pair of draperies to by-pass each other at the center. Our standard overlap is 5".

Pin Hook Setting
the position the pin is placed onto the pleated drape. The customer determines the pin setting, depending on the track installation (wall or ceiling).

Railroad
When fabric is used with selvage or factory finish running horizontally. Turning the fabric so that the finished length of the drapery is made from the width of the fabric. This allows the drapery to be seamless.

Repeat
the distance in inches from the beginning to the end of a re-occurring pattern in a lace or print fabric. Yardage requirements must be rounded up to enable cutting of the fabric in full repeats. Laces are cut only in full repeats, so the cut width (in inches) must be divisible by the size of the repeat.

Return
the part of a drapery or valance that covers the rod at the side from the face to the wall.

We are eager to help you promote and increase your window treatment business. We offer a range of products and services from basic, easy to sell window treatments to highly specialized design and fabrication services. Please feel free to call us for any assistance.
